  - 1. You’re working for God and He’s going to pay you (Matthew 10:5-10)
    - a. God’s paying them because they were working for Him
    - b. He didn’t want them relying on that bag because He sent them and He wanted to provide for them
      - (1) Besides that, that bag couldn’t contain all that God wanted to do
    - c. He’s teaching them to work a system that no matter where they are, what they need, and how much of it they need they can get it
    - d. I don’t get my paycheck from the world I’m going in, I get it from home
  - 2. You’re not working for a living (Ephesians 4:28)
    - a. You work so that you can distribute; that’s seed

- b. You don't live on seed, you live off of harvest

### **III. When Adam sinned in the Garden mankind fell from a place of working towards the vision to working for the provision**

- A. Gen 1:29-God provided him with everything that he would every need in the Earth
  - 1. Adam's total focus is on the vision – Replenish the Earth because God took care of the provision
- B. Genesis 3:17-24 – When Adam sinned he had to toil just to get provision for his life

    - a. Fellowship
    - b. Provision
    - c. Assignment
  - 2. Adam is now just surviving
    - a. He's just getting by
    - b. The assignment is not #1, it's survival mode
    - c. He's not thinking about, "Replenish the Earth" – He's thinking about replenishing himself
  - 3. Adam's main focus is provision, but you can't serve two masters
    - a. God provides everything that u need so that you can go after your assignment
    - b. Matthew 6:24
- C. Jesus came to take us back up the level that Adam operated in before the fall
  - 1. Take no thought for your life – Don't live in survival mode
    - a. Be after the vision because God's provided the provision
  - 2. Satan's plan was to get us distracted with putting food on the table and making a living so that we would lose focus on the vision bless the Earth
    - a. We need to have a proper balance of provision and vision and understand that "provision" is very necessary to complete "the vision"
      - (1) You don't want to be too far over on the side of all you think about is provision and you don't want to be so far over on the other side that you say money is not for the church

### **IV. While I'm here I'm supposed to be kept from the evil the evil that's in the world-Jn 17:17**

- A. Jesus' prayer: Lord they are not of the world just like I'm not of the world. They're from Heaven like I'm from Heaven. I'm not asking you to take them out of the world because there's work to be done there, but while their in the world, my prayer is that they be kept from the evil that's there.
  - 1. EXAMPLE: The idea is the U.S. embassy in a foreign country. That in that country there could be poverty, famine, danger, wars and other evil things. But this person that's representing the United States has a bright white building that they live in, with a rod iron fence surrounding it, and bright green grass inside the fence. Not only that he has armed guards protecting that embassy and him

everywhere he goes. Not only that, but whatever he needs in that country he gets from the United States because that's who sent him. They are paying for his house, his car, his food all of that. You know he's from the United States because of how he lives.

B. That should be the picture of us. That in a world full of evil, poverty, famine, and danger we should be living in that nice big white mansion, with bright green grass, and a black rod iron fence surrounding. With angels encamped around us everywhere we go, seeing to it that we don't dash our foot against a stone. (Psalm 91:11-12, Psalm 34:7)

C. I expect abundance because

1. I know who my boss is
2. I know where I come from
3. I know who sent me I
4. I know who's paying me, I know who's providing for me
5. I know what He has access to
6. I know how much He loves me

**V. The main reason that a lot of believers haven't plugged into this kind of provision and protection is because they've yet to look to God as their only source and they continue to run to the world's system**

A. To get this kind of provision and protection you got to work the Kingdom of God

B. To get this kind of provision and protection God has to be your only source and your only supply

C. God needs me rich, wealthy, and healthy
