

SEEING & HEARING

The Importance of Seeing & Hearing

I. Christianity without the wisdom of God is hard, not easy

- A. Eccl10:10-The less wisdom you have, the less you see and hear the harder stuff will be; When you're dull stuff is hard, but the sharper you are the easier it gets
 - 1. Eccl7:19-Wisdom strengthens you; lack of wisdom weakens you & makes stuff harder
 - 2. Proverbs 1:33-The wisdom of God will make your life easy
 - 3. You use eyes and ears in this natural world to acquire natural knowledge to help you function more prudently, more easily; in the same way in the realm of the spirit you should be using your spiritual eyes and ears to acquire supernatural knowledge (wisdom) from God to help you function more prudently & easily in spiritual matters
 - a. Easy things for a person who can see & hear are difficult for one who can't
 - b. If I can blind your eyes and dull your ears I can immediately make your life more difficult
- B. If you can cut a man off from the wisdom of God you keep him from his victory-John 16:13,8:31, 1 Corinthians2:14
 - 1. What has the spirit of God been saying to you that you haven't been hearing and seeing that is keeping you from the experience (Numbers 13-He's trying to get them to the experience, but they hardened themselves)
