

THE LOCAL CHURCH – Where Should I Go To Church? – Friday, February 5th

- **God sets you in the body and that means you don't set yourself-1Co12:18-KJ-Now hath God set the members every one of them in the body, as it has pleased Him**
 - God has determined what church you are to be planted in-He's determined that based on what you need for your life and the role you can play to support that ministry
 - God knows what things you have need of-You don't even if you think you do-**Mt6:8**-Your Father knows what things you have need of before you ask Him
 - It matters where you go to church-Any church is not okay, you need to be where God set you
- **It's not for you to decide where you go to church, it's for you to discover where God has set you**
 - You don't pick where you go to church-You don't pick your church based on your likes and dislikes, you don't pick your church based on it's location, you don't pick it based on your kids
 - You find out where God wants you to go to church and you go there
 - You need to ask God to show you where you're supposed to go to church-Pr3:6-In all your ways acknowledge him and he will direct your paths; **Js1:5**-If any of you lacks wisdom let him ask of God who gives to all men liberally and upbraideth not and it shall be given him. 6 But let him ask in faith
 - After you ask you're looking and listening inside-You might visit a church, but you're looking inside
- **Once you discover what God has set you, don't leave your place-Eccl10:4**-If the spirit of the ruler rise up against you, leave not your place
 - The enemy doesn't want you to be where you're supposed to be-He will work overtime to get you out of the place God put you and you need to be aware of this and resist Him
 - If you leave the place God put you, which is the right place, then you're in the wrong place
 - People leave churches for all the wrong reasons-Offended, don't like this or that
 - There's only one reason to leave a church-God is leading you somewhere else and your being offended is not God leading you
